## Advanced Training Programme on “Recent Trends in International Trade and Commercial Law”

**(05 – 08 October, 2018)**

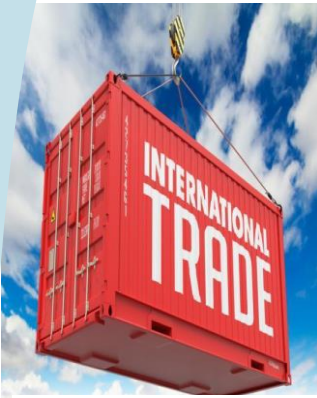

**Gujarat National Law University**

Attalika Avenue, Knowledge Corridor,  
Koba, Gandhinagar, Gujarat  
INDIA

## ABOUT THE PROGRAMME:

Today globalization has dramatically re-shaped the markets and has changed the way business is being done. One has to keep pace with the customer's requirement and has to bring in services and products as per global standards. International trade has become a vital component of development strategy, which can be used as an effective instrument of economic growth. Moreover the establishment of institutions like World Trade Organization has ushered a new era of global economic co-operation reflecting the widespread desire to operate in a more open multilateral trading system.

Participation in international trade has become necessity for all countries and as well as companies for growth. Thus it becomes important for professionals to acquire knowledge and skill to help work in international companies and in global environment. Having updated

knowledge of international business laws and procedures becomes key requisite for professionals. So, in this Advanced Training Programme, broad aspect related to international business environment, FDI policy, FTP policy, international trade theories, international trade bodies like WTO, UNCTAD etc. has been discussed in detail. Added emphasis has been laid on strategic alliances, foreign collaborations and joint ventures abroad, to enable the students to discharge efficient services and to tackle practical situations. In this study every efforts has been made to give a comprehensive coverage of all the topics relevant to the subject and specialized knowledge in International business, law, procedure and practices.

The Advanced Training Programme on International Trade and Commercial Law offers an advanced qualification that is designed to build on your knowledge and also introduce to basic principles of trading, international trade and financial institutions, WTO's agreement on antidumping and countervailing duties and international commercial dispute resolution. Law is a widely recognised and highly reverence subject and the knowledge gained on above mentioned areas of international trade and Commercial Law will open up many opportunities for the participants to develop their high level career in International law firms, Multinational companies, or Governmental organisations.

## Objectives:

The objective of the course is to appraise the participants to achieve a broad knowledge of basic principles of trading, different mode of entering into international trading and the deliberation on various WTO's agreement to that effect will deepen both theoretical and practical aspects. All accompanied by practical exercises during each session.

## Learning Outcome:

The above programme will gives you the opportunity to improve your career prospects and earning potential with a mix of key skills that are directly transferable to the workplace.

The legal knowledge gained from the International Trade and Commercial Law could prepare you for a role in an international law firm, multinational company or governmental organization. Qualified managers, Professionals, solicitors or barristers will also be able to use the skills and knowledge gained from studying the course to meet their Continuing Professional Development requirements.

**RESOURCE PERSON:** Dr Saira Gori is currently the Dean (Training Division) & Assistant Professor of Law at Gujarat National Law University, and has around 05 years of full-time teaching experience.
