Q.2 Mr. Entrepreneur, a University graduate in chemical technology, started a chemical trading firm in the year 2005 immediately after completing his degree. He made initial investment of Rs. 10, 00,000 which included Rs. 4, 00,000 borrowed from his friends and relatives. Although, he did not possess any formal education in business management, his perseverance and hard work helped him in gaining a good reputation and credit worthiness in the business. Since, his business was expanding rapidly, following the advice from his business circles, he diversified his business interest and jumped in to paper manufacturing. For the purpose, he converted his proprietary firm into a private limited company in the year 2009 and later into a public limited company in the name of 'Supreme Paper Company Limited' in the year 2014. The company also tapped capital market for its funds requirement. As, the company has got prospects for the future, it has received foreign investor's offer for pumping in additional investments which can be invested in expansion, modernization etc. (20)

The management seeks your expert opinion as legal commercial advisor on the offer and for the purpose you are provided with the list of balances as on 31 March, 2018 along with the additional information for the adjustment purpose.
