- Word Limit: 600-700 Words.

Marks

Q.1   Political and social scientists have developed many theories, models and approaches for analysing policy-making. Examine the major theories while highlighting their strengths and limitations.   (10)

Q.2   Policy analysis encourages practitioners and scholars to critique policy issues through systematic inquiry and to develop scientific knowledge about the forces shaping public policy. Since, the consequences of the policy are socially relevant activities, and such analysis is a prerequisite to prescription, advocacy, and activism, scientists have developed theories and models to understand and explain the policy making process. Discuss some of the major Policy Models developed for the purpose of policy analysis.   (10)

Q.3   The success of any policy depends on how well it is-designed, formulated, implemented and evaluated. In the light of the statement, discuss the policy cycle and highlight some of the impediments in the implementation of publicpolicy.   (10)

Q.4   Define Public Policy. Discuss the nature, scope and importance of policy science with reference to India.   (10)

Q.5   a) Discuss Eugene Bardach's method of Policy analysis.   (5x2=10)
        b) Discuss at least three of the major features of the policy making process.
