| Q.2 Albert and Maria have been married for 13 years. They have three children and a beautiful villa. Albert and Maria both are working in a law firm and in house legal respectively. Maria has to travel because of her job and there is an undue stress on Albert to manage his office, children and household work. They have started arguments which have caused a very hostile atmosphere. None of them are not willing to seek divorce because of their religious beliefs, ethics and values. | (10) |

What shall be the various solutions in the above-mentioned statement? Provide suitable reasons for the same.

Part B
(Answer Any Three)

- Q.3 Many of the original sociological premises, concepts and ideas regarding social action, legal change and social reform were initially formulated by studying conditions specific to western industrial societies. The sociocultural consequences of globalization over the last three decades have, however, affected the relationship between state, law and society, blurred sharply drawn distinctions between the West and the rest of the world and transformed the sociocultural setting within which legal regulation is devised and social reform planned. (10)
- With reference to the above-mentioned statement, discuss how socio-legal research can draw the relationship between law, state and society.
- Q.4 Discuss the various theories of profession. How does the Bar Council of India maintain the professional ethics and values to maintain the higher standards of legal education? (10)
- Q.5 Critically explain the various theories of women empowerment. (10)
